PROFESSIONAL SUMMARY

Final year B.Tech (IT) student with strong problem-solving skills, solid understanding of data structures and algorithms (250+ DSA questions solved on LeetCode and GeeksforGeeks), and hands-on experience in full-stack web development. Seeking a Software Development role to apply technical knowledge in real-world challenges.

SKILLS

Programming Languages: C++, JavaScript

Web Development: HTML5, CSS3, Tailwind CSS, React.js, Redux Toolkit, Node.js, Express.js

Database Management: MongoDB, MySQL

Tools & Platforms: Git, npm, Postman, VS Code

COMPETITIVE PROGRAMMING & DSA

Solved **250+** problems on **LeetCode**, **GeeksforGeeks**, and **CodeChef**.

Strong grasp on Data Structures (Arrays, Linked Lists, Trees, Graphs, Stacks, Queues) and Algorithms (Sorting, Searching, DP, Backtracking).

Active participant in coding contests and challenges.

EDUCATION

Maulana Abul Kalam Azad University of Technology, India

Oct 2021 – Jul 2025

Bachelor of Technology in Information Technology

CGPA: 8.9/10

PROJECTS

Online Food Ordering App

GitHub

Jun 2024

React.js, Tailwind CSS, Redux Toolkit, Node.js, Express.js, MongoDB, Razorpay

- Developed a full-stack MERN application with secure Razorpay payment integration.
- Implemented JWT-based role authentication and encrypted passwords using bcrypt.
- Designed RESTful APIs for user, cart, order, and restaurant operations.
- Integrated Google Maps API for real-time location tracking.

Multi-lingual Document Summarization Tool

GitHub

Sep 2024 – Present

React.js, Node.js, Flask, MongoDB, MarianMT, BART

- Built a web tool to translate and summarize documents in multiple languages.
- Integrated MarianMT for translation and BART for abstractive summarization.
- Deployed JWT login system and MongoDB-based user history.

INTERNSHIP EXPERIENCE

Web Development Intern, Digisamaksh Groups

Jul 2024 – Sep 2024

- Worked under mentor guidance to develop a food delivery website using HTML, CSS, and JavaScript.
- Collaborated with a 3-member team and followed daily stand-up meetings.
- Learned React.js during the internship and later optimized the project by implementing lazy loading and improving performance.

Full Stack Developer Intern, Theody Svadhyay Trailblazer, Bangalore

Oct 2024 – Dec 2024

- Developed a customer support portal (Customer Harmonie) using React.js and Tailwind CSS.
- Gained hands-on experience in Next.js, MongoDB, Node.js, and Express.js.
- Contributed to frontend optimization and backend API integration in a team-based Agile environment.
- Received stipend and bonus for outstanding performance.

CERTIFICATIONS

ReactJS & Redux – Udemy, 2023

Full Stack Web Development – Internshala, 2024

C++ and JavaScript – CodeChef, HackerRank, 2022
